CORBEN

RIP IN TIME

An off-duty cop is pulled in to a fantastic adventure that begins with a liquor store hold-up and continues into the cretaceous jungles of Southern California more than a million years ago! The policeman's desperate goal: to save his kidnapped fiancée and return to his own time. A 112-page black-and-white graphic novel collecting the popular series from 1986.

SUGGESTED FOR MATURE READERS.

CRIP00.....\$8.95

JEREMY BROOD

Mature, thought provoking science fiction! A cosmic social worker is summoned to Eden, a desolate desert planet, to relieve inhabitants from oppression. But his failure means they must wait 200 years—for Jeremy Brood. But when the new messiah arrives, he finds himself the center of an ancient religious order—established by his predecessor! This 64-page full-color graphic novel contains *Jeremy Brood: Relativity* from 1982, and *Jeremy Brood: The Big Shriek* from 1983—and the violence, nudity, and sexual situations characteristic of Corben's best work.
